Our Curriculum

RIS provides a world-class educational continuum from Early Years through High School, rooted in the inquiry-led philosophy of the International Baccalaureate. As a distinguished IB World School, RIS integrates the Primary Years Programme (PYP) with a robust Middle Years framework that supports a smooth transition to Cambridge IGCSEs, culminating in the prestigious IB Diploma Programme. Reflecting its commitment to both national and international excellence, RIS also offers specialised preparation for the Italian State Exams. This coherent and rigorous pathway ensures a holistic education that equips students with the knowledge, skills, and confidence to succeed in a globalised world and opens doors to leading universities worldwide.

IB Examination Results 2025

The IB Diploma Programme offers a rigorous, holistic education that develops critical thinking, global awareness, and independent learning. With a balanced curriculum, research opportunities, and international recognition, it empowers students to thrive at top universities and become compassionate, well-rounded leaders prepared for an interconnected world, future success, and meaningful impact.

The Class of 2025 marks the 15th cohort to complete the rigorous and rewarding two-year IB Diploma at Rome International School. RIS IB graduates consistently score above the world average and 2025 was no different. We proudly support students through one of the world's most rigorous academic programmes, facilitating access to universities of their choice Italy and worldwide.

IBDP Candidates: 37

RIS Rome average IBDP score: 31

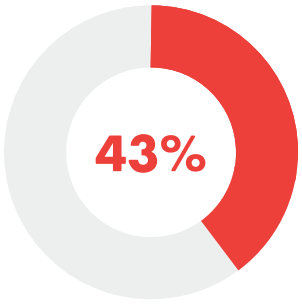

** IBDP maximum score is 45.*

"I have been a student at this school for six years. The experiences I've gained here are truly invaluable. The most rewarding part is knowing I completed it all successfully; I feel a strong sense of accomplishment. I'm ready to take the next step toward a new chapter in my life."

Cambridge IGCSE 2025 Highlights

At RIS Rome, the Cambridge IGCSE programme is more than a qualification pathway, it is a launchpad for future success. Designed to combine academic breadth with intellectual depth, the programme enables students to select five to six subjects aligned with their strengths, passions and ambitions, building confidence and momentum as they prepare for the IB Diploma Programme.

The Class of 2025 has delivered an impressive set of results with over one-third achieved at the highest A*–A level, clear evidence of academic excellence across disciplines.

These results reflect more than strong performance; they highlight consistency and ambition. A powerful indicator of readiness for the academic rigour of the IB Diploma Programme and beyond.

Behind every statistic is a student who has grown in confidence, resilience and aspiration. The 2025 IGCSE outcomes reaffirm RIS Rome as a school where students are challenged, supported and inspired to achieve their very best and where strong foundations lead to exceptional futures.

Global Readiness, National Excellence

RIS Rome offers a truly international education rooted in strong national traditions.

Once again in 2025, our students achieved a 100% pass rate in the Italian State Terza Media exams. We are very proud of our students' performance which is testament to the comprehensive preparation offered as part of the Middle School Italian curriculum.

"From the very beginning, RIS felt like home for our daughter. Transferring schools in Year 8 could have been a daunting experience, but the warmth and support from teachers, staff, and classmates made all the difference. Over two years, we've been consistently impressed by the school's personal approach to learning, the individual care for each student, and the wide range of enriching opportunities from academic competitions to sports including events beyond the official school programme (e.g. Academic Olympics in Spain, MUN, maths competitions with other schools, volleyball tournaments, track and field events... and more). Watching our daughter grow in confidence, both as a student and as a young person, has been a joy. We are truly grateful to the school for creating such a nurturing and inspiring environment."
